

# Acton Green Common

Routine maintenance on row of Hornbeams  
October 2016

In October 2016 the Red Squirrel team were commissioned by Ealing Council to carry out maintenance work on Acton Green Common, Chiswick. The contracted work involved pruning back two groups of Hornbeam trees which were overhanging a pedestrian foot path running directly beneath. Red Squirrel Tree Surgery sent a team of tree surgeons to carry out the work. Red Squirrel Tree Surgery are assessed and regulated by the Arboricultural Association, allowing us to carry out large scale commercial tree work. Ealing Council entrusted us as all government and industry standards are met by experienced and knowledgeable tree surgeons.

*"It's been a pleasure working with Red Squirrel and please pass on my thanks to your staff"*

Dale Mortimer, Tree Officer
